

Plan for the future

multi-year service agreements

Why wait? Focus on research, not administration.

PerkinElmer's **multi-year service plan** eliminates the risk of unbudgeted service expense and ensures instrumentation is maintained to the highest possible standard throughout its lifetime. Planning for future service needs will enable your laboratory to:

- Reduce future cost increases by locking in multi-year agreements
- Prevent a lapse in coverage
- Reduce administration costs incurred by continually renewing contracts
- Eliminate having to re-justify maintenance expense at a future date
- Make use of funds now that may not be available in the future
- Take advantage of multiple billing options: yearly, quarterly or monthly

To learn more about multi-year service contracts contact your local PerkinElmer Contract Coordinator or phone 800-762-4000
